Involvement	
Reason for Nomination: <i>(maximum of 100 words)</i>	Even though I do not currently have my PMP I have worked hard over the last several years to help others prepare for their exams. I have had a couple of recent recipients of certification tell me it was because of my efforts that they decide to proceed and take the exam. I believe that the sharing of knowledge is its own reward, and as a past recipient of the chapter's Volunteer of the Year award I have had the pleasure of working hard to help others in the chapter and in the community. I would like to continue to help this chapter become stronger through its efforts to share the knowledge of its members.
